

Preparing to Re-Open: What Nassau Businesses Need to Know

Prepare.

- ✓ Check if your business can re-open under Governor Cuomo's Re-Opening in Phases Plan
 - New York Forward [Business Reopening Lookup Tool](#)
 - Standards apply to currently operating "essential" businesses, organizations which may re-open under State-directed phased plan [Re-Opening Industries by Phase](#)
- ✓ Create your business re-opening plan with [NYS Business Re-Opening Safety Plan Template](#) and [CDC Businesses and Workplaces Re-Opening Guidance](#).
 - Wellness Checks for employees and customers
 - Disinfection and Cleaning Routines
 - Social Distancing
 - PPE supply for employees and customers

Protect.

- ✓ Implement practices to reduce potential for exposure.
 - Social distancing
 - Use of PPE including masks and face coverings, especially if unable to maintain 6-foot distancing
 - Reduce activity in shared and common spaces
 - Disinfecting and cleaning schedule, especially for high contact surfaces and shared spaces
- ✓ Maintain supply of PPE and disinfectant/cleaning supplies for employees and customers.
- ✓ Maintain 6-foot distancing among employees and customers.
- ✓ Change or reconfigure physical workspaces to reduce close contact in shared spaces.

Communicate.

- ✓ Communicate re-opening plan safety protocols with posted signage in workplace settings, employee training sessions, and/or social outreach to employees and customers.
- ✓ Share best practices and strategies with employees and among professional network.
- ✓ Regular wellness check-ins; unwell employees or customers to stay home or seek medical attention.

Re-Opening for Non-Essential Businesses
